

Elise Jenks

Elise moved to the Eastern Shore from Long Beach, California where she had experience in both visual and performing arts such as drawing, painting, ceramics, dance, choir, theatre, and modeling. Here she developed a love for the art of makeup, hair, and all things beauty.

Elise started assisting at Salon Sixteen in January 2022 and is currently working on getting licensed to cut, style, and color hair. She will shampoo clients for the stylists and also help out around the salon. She also loves interacting with clients and is very eager to learn all about the hair world!
