

Kate Asbury

Kate obtained her cosmetology license while attending Worcester Technical School and working at Salon Sixteen for her internship.

The opportunity to work and learn in the salon has inspired Kate to continue her career and reach for more education. Her love for the beauty industry started at a young age, from coloring her own hair with markers, to discovering her love for makeup. She continues to find more to love every day.

Kate enjoys going to the beach during the summer and spending days with her family. She also enjoys quiet nights at home with her cats.
