

Kaya Dean

Kaya obtained her Cosmetology license at the Worcester Technical High School, MD. After graduating, she took a year to think about her future, which led her to join the Salon 16 team in September of 2022. Her love for the industry started at a young age, inspired by her mother, who is a talented hairdresser. Kaya grew up listening to stories from her mom about her career to include owning salons, traveling internationally, creating runway shows, with features in magazines and television. Kaya loves that the hair industry provides endless opportunities and continued education. She is looking forward to embracing everything the industry has to offer, and is excited to excel. Kaya is now accepting appointments Saturdays from 9am-2pm!
