

# Ella Campana

Hi I'm Ella! I'm a third generation hair stylist, that practically grew up in a salon. I love all things hair, I'm passionate and really love what I do. Making people feel beautiful is something very special to me. One of my hobbies I enjoy is photography. I received my first ( professional) camera at 15 and have loved capturing moments ever since. I also enjoy painting and creating a palette to play off of. My favorite salon service is blonding, but I'm open to talk about everything and anything!
